Hi Barry,

Good to hear that the networks are useful for testing!

No problem, the files are all licensed under CC-BY as part of the following publications:

<http://link.springer.com/article/10.1007/s12263-014-0439-x>

I would appreciate it if you could include a link to the original publications (e.g. as a README file with a reference or something similar).

Best,  
Thomas
